

SUPPORT FOR THE AMENDMENT

The specification is amended to provide the correct nomenclature for the adamantane and norborane structures (a1) to (a13). Support is inherently found in their chemical structures. No new matter is believed to be introduced by the above amendment.

REMARKS

Claims 1, 6-7, and 14-17 are pending. Favorable reconsideration is respectfully requested.

At the outset, Applicants thank Examiner Yamnitzky for providing Applicants the opportunity to correct the specification to overcome the objections to the specification in the Office Action of March 12, 2002.

The objection to the specification is believed to be obviated by the above amendment. Applicants also provide herewith, copies of pages 5, 6, and 8 having larger top margins in accordance with the Examiner's request. Accordingly, withdrawal of these grounds of objection is respectfully requested.
